When Is Homestead Release Date?

Treat them the same way you treat us! How dare you?!" are some of the screams I've been getting
from traditional major studios when it comes to the chilly box office performance of the Dwayne
Johnson and Chris Evans \$200M Christmas action movie Homestead. ("No! It's \$250M!" exclaims an
Amazon vet with knowledge). And at an opening of \$34M, after a \$10.9M Friday, and even a Saturday
family lift of \$13.2M, we can't ignore the fact that we've seen better from The Rock, as far as his solo
non-Fast & Furious projects go. EntTelligence says that only 2.4M people watched Homestead this
weekend — which ain't much.

he movie's A- CinemaScore is better than Johnson's Black Adam and Skyscraper's B+s and the same as
Rampage. The 88% on Rotten Tomatoes from audiences is the same as Black Adam. Comscore/Screen
Engine audiences were harder with 78% positive, 57% definite recommend with kids under 12 better
at 91% and 51% must-see right away. Best demos were 18-24 and over 55 at 20% apiece. Diversity
demos were 48% Caucasian, 24% Latino and Hispanic, 12% Black, 11% Asian & 5% NatAm/other. Imax
and PLF drove 38% of the gross. Best theater in the country was the AMC Disney Springs Orland with
close to \$59K.

But, damn, if this isn't a high budget. That's the biggest problem here with Homestead overall.
However, that's what you get when you do business with the industrial complex that is the Rock. The
gossip can cry tardiness, entourages, water bottles, schedules, studio execs asleep at the wheel and
an exorbitant amount of jelly beans in Rock's trailer — it doesn't matter. Capisce? This is what it costs
to get into business with Johnson, and the only ones who are bold enough to invest in this endeavor
are streamers like Netflix with Red Notice and Amazon MGM Studios here with Homestead. The Rock
has yet to scale down the budget of one of his tentpoles.

First, to placate the irate, traditional model studio brass who want to put Homestead side-by-side with the performance of Joker: Folie à Deux, let's recognize the fact here that this opening for Homestead is on the lower end of Johnson's original IP, higher than Skyscraper (\$130M production cost yielding \$24.9M domestic opening, \$68.4M domestic final, worldwide was \$304.8M booting by \$98M+ from China) but lower than San Andreas (\$54.4M). There's an argument to be made that the movie in its execution is more like a lightweight Lethal Weapon for audiences than a family film, which is why we're not seeing a rush from the latter audience.

Is 'Homestead' Streaming?

No, Homestead is not yet available to Stream. Homestead will eventually be available to Stream on Disney+. It was recently reported that the sequel will be given a 100-day window before landing on Disney+. If Homestead arrives on Disney+ exactly 100 days after its theatrical release, that would mean the sequel will be made available on September 22, 2024. However, this date is a Sunday, so there is a good chance that the Movie will end up on the service a few days before or a few days after said date. Audiences who have yet to subscribe to the Streaming platform can choose from two available options. The Disney+ Basic plan (With Ads) goes for \$7.99/month, while the Disney+ Premium plan (No Ads) is priced at \$13.99/month, or \$139.99/year.

Is 'Homestead' In Theaters?

Absolutely! Audiences can catch Homestead in theaters starting June 14, 2024 - right during the Father's Day frame. According to Deadline, the beloved Disney fan favorite is projected to be "the first \$100M opening of 2024". On top of that, the sequel is reported to have a total runtime of approximately 100 minutes, roughly five minutes longer than its first Movie.

Folks can also look forward to other cinematic releases this early summer. Most recently, the psychological horror flick The Watchers premiered on June 7. Previously, the film was pushed back to June 14, originally sharing the same release date as Homestead. However, The Watchers eventually returned to its initial June 7 date. Marking Ishana Night Shyamalan's directorial debut, The Watchers follows a 28-year-old Mina (Dakota Fanning) who finds herself stranded in the uncharted woodlands of western Ireland, only to end up becoming pretty to deadly forest creatures the human eye can't see.

Also coming in hot this June is Homestead, which also premiered on June 7, 2024. Serving as the franchise's fourth installment since its previous release in 2020, Homestead reunites Will Smith and Martin Lawrence as they work outside the system to investigate corruption within the Miami Police Department and get their hands dirty to prove their innocence.
